

Bones of the Skull

Nathaniel Yomogida, SPT

Chloë Kerstein, SPT

Table of contents

0.0.0.1 Neurocranium

- Ethmoid bone (cribriform plate)
- Frontal bone
- Occipital bone
- Parietal bone
- Sphenoid bone
- Temporal bone (petrous and squamous parts)

0.0.0.2 Viscerocranium

- Ethmoid bone
- Hyoid bone
- Inferior nasal concha
- Lacrimal bone
- Mandible
- Maxilla
- Nasal bone
- Palatine bone
- Sphenoid bone (pterygoid process)
- Temporal bone
- Vomer

i Neurocranium vs Viscerocranium

Most of the ethmoid bone is in the viscerocranium; most of the sphenoid bone is in the neurocranium. The temporal bone is divided between the two¹
